SUMMARY

Aspire to establish a successful career as a web developer, leveraging skills in front-end development to create impactful and user-friendly web solutions. Dedicated to continuous learning and professional growth in the field of web development.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, Javascript, Basic Node Js, Typescript
- **Frameworks & Libraries:** Angular 16, React JS, SAAS, Rest API, Express JS
- **Tools & Technologies:** MySQL, MongoDB, Git, GitHub, Visual Studio Code
- **Platform:** Windows

EDUCATION

Uday Pratap Autonomous College, Varanasi, UP, India

2021-2023

M.Sc. – Agricultural Chemistry

CGPA: 8.69

Integral University, Lucknow, UP, India

2017-2021

B.Sc. (Honours) – Agricultural

CGPA: 8.43

PROJECTS

- **Library Management System**
 - Developed a Library Management System using Javascript, Bootstrap, Angular, and MySQL.
 - Created user-friendly interfaces for book cataloging, member registration, and lending.
 - Ensured data integrity through effective database design.
 - Integrated APIs and optimized frontend performances.
 - Utilized Angular for dynamic, responsive web applications.
- **E-Commerce website Development**
 - Developed an E-Commerce website using HTML, CSS, Javascript, Bootstrap and React.
 - Implemented features: Product listing, shopping cart, user authentication, payment integration.
 - Designed responsive web pages for optimal cross-device user experience.
- **Weather forecasting website Development**
 - Developed a Weather forecasting website using HTML, CSS, Javascript, Bootstrap, and a weather API.
 - Implemented current weather, hourly and daily forecasts, and location-based updates.
 - Designed a user-friendly, responsive interface for seamless access across devices.
- **Recipe Finder WebApp**
 - Developed a recipe finder app that allows users to search for recipes based on ingredients, cuisine types, and dietary preferences.
 - The Application utilizes a user-friendly interface built with React Js and integrates with a backend API to fetch recipe data.
- **Task-Management Application**
 - Developed a Task Management App using React js with Context API for efficient state management.
 - Enables users to add, delete, and update task seamlessly across components, ensuring a smooth user experience and demonstrating proficiency in frontend development.

STRENGTHS

- Summary of leadership and managerial experience.
- Skilled in actively listening to understand and address the needs and concerns of others.
- Summary of interpersonal and networking skills.
- Demonstrated ability to collaborate effectively with diverse teams to achieve common goals.

HOBBIES

- Chess-Board Game
- Cooking
